

IRMARFER PRODUCTS

THE MULTI-DECK

THE MULTI-DECK

The multi-deck structures have a modular system that allows for countless options with unique and differentiated designs.

The easy modulation, functionality, aesthetics, and distinctive design are the secrets to the success of these structures.

Flexible modulation allows for various structure

configurations. They are compatible with all other Irmarfer structures for greater solution diversification, from shops, terraces, upper floors, and VIP areas.

They are safe and resistant to heavy loads and offer various coating options.
